Nursery Rhyme: Mary Had A Little Lamb

Special Days:

Thurs. Mar. 14 & Fri. Mar. 15 - St. Patrick's Day Celebration/Green Days
Thurs. Mar. 28 & Fri. Mar. 29 - Gold Days

Happy March! What an exciting, magical and mystical month March will be. We will learn about leprechauns and St. Patrick's Day. We will also celebrate Dr. Seuss and the start of Spring. This is a great month for children to let their imaginations run wild.

Thursday, March 14 and Friday, March 15 are our St. Patrick's Day celebrations. How many leprechauns are going to visit Red Apple this year? Will anyone be able to catch one with their leprechaun trap? How messy will the leprechauns leave our rooms? We do not know. We will have to wait and see.

Parents: We will be collecting gold-wrapped candy such as Rolos, Twix, and chocolate coins. We only need 1-2 bags of candy per class. If you would like to donate, please see your child's teacher. All donations need to be in by Tuesday, March 12th. This is a surprise for the children's Leprechaun Traps, so please do not tell them.

March is also Poison Prevention month. Children will learn about poison and poison prevention and will watch a DVD about poison safety. It is a great opportunity to reinforce this at home also. As always, the number for poison control/emergencies is 1-800-222-1222. There are numerous web sites online about poison control safety for children.

FYI: We encourage parents to be involved with your child at school at all levels. If you ever have any questions or concerns about your child, curriculum or school relations, please speak to your child's teacher or Mrs. Mott, they are available each morning for a question or two. If you need a longer time period, you can set up a conference. Be assured that it is very important to be involved in your child's education and maintain good communication with their teacher.

****We are now enrolling for Preschool and Kindergarten for the 2019-2020 school year.****
